Technical Data Sheet LUX

digitanimal

Indirect tracking

Visual deterrent

Bovine

Equine

Ovine

Caprine

Dimensions, weight and materials

1 x Weight: **298 gr**

1 x Weight: **30 gr**

1 x Weight: **450 gr**

1 x Weight: **15 gr**

High-resistance ASA LI912 polycarbonate

High-tenacity polypropylene compliant with 199/74/EC animal welfare directive

Zinc-plated carbon steel

Vibratory tumbled stainless steel to remove cutting burrs

Sensors

Indirect tracking

Via a reader device

Technology

Bluetooth 5.2 connectivity

Configured in beacon mode

Deterrent Repellents

Strobe lights

High-efficiency +300 lm light source

Sequences generated via proprietary algorithm

Battery

Li-SOCL2 3,6V D Type

Interchangeable

1-year battery life

Certifications

Tightness

IP67 certified

Electromagnetic compatibility

CE 49580RRF.001

Device Firmware

Proprietary: Digitanimal
